Horse or Betherstatives, Univer States,

My, Dear Sir. I have been pleased to meet with you once more after
the lapse of so many years; and I desire to avail myself of an early
opportunity to add my thanks to those you must have received from
many others for your labor and care in the compilation of the laws of
the United States relating to pensions and bounty lands, a copy of the
stereotype edition of which I have in my possession.

The subject of pensions is one which has been, and still continues to
be, of interesting characters are not alighly interesting characters.

By was never the design of our father; that the system should be
partial, giving to some while it withholds from others, equally deserving. Your arrangement of the laws, therefore, while it presents in detail the provisions made, is at the same time suggestive of those deficiencies and omissions which render the system incomplete.

Your work I have found of incalculable value to me in my position
as clairman of the Committee on Revolutionary Pensions, for, without
it, i should have been subjected to the labor of a close examination of
the statutes; and from the frequency of my recurrence to it I have
been able to text its merit and appreciate its worth.

I am, my dear sir, most respectfully and truly, yours,
Dr. R. Mayo.

In the examination of cases arising under the pension and bounty land laws, I have had frequent occasion to refer to this work, and have ever found it accurate and complete. As a complation of the laws upon these subjects, I regard it highly useful both to those administering those laws and the public.

With many wishes for your continued success, I have the honor to be your obesilent servant,
